

TREGARON OLD FIRE STATION – ACCESSIBILITY STATEMENT

The Old Fire Station is a 2 storey stone built cottage with an upside-down layout. The cottage is not suitable for wheelchair users. There is no telephone.

Pre-Arrival and Booking

At the initial enquiry stage, whether by email or telephone, any special requirements would be discussed.

Information can be provided by post, email or telephone.

Alternative formats for booking forms, such as large print or bold fonts are available on request.

The Accessibility Statement is available on our website, where fonts can be enlarged.

Information about public transport and taxis is provided in the property.

Arrival & Car Parking Facilities

There is private, off road parking for two cars, lit by a street light.

The car park surface is gravel and is unsuitable for a wheelchair.

There are wooden steps leading upwards to the front door, or alternatively a sloped decking access.

Main Entrance

The building has a wide outwards opening door entrance with raised threshold onto a tiled entrance area leading to a carpeted hallway to the toilet/shower room, dressing room and bedroom on the ground floor.

The tiled entrance area has a cloaks cupboard to the left containing a hanging rail for outdoor clothes and a staircase on the right leading to the open plan living space on the first floor.

The carpeted stairs have a hand rail on the left handside with two turns to the left.

The open plan living area is upstairs.

Living/Dining/Kitchen

There are two small leather sofas in the carpeted lounge area and a large wooden upright chair. The lounge is separated from the kitchen by a breakfast bar.

Dining is at the breakfast bar on tall bar stools with a back but no arms.

The fully fitted kitchen has electric oven and hob, cooker hood, under counter fridge and built in washing machine.

The kitchen has vinyl flooring.

All rooms are well lit by ceiling spotlights, with additional wall lights and table lamps in the lounge.

The kitchen door leading to the garden has one step up.

Bedrooms

The bedrooms are fully carpeted and well lit by ceiling spotlights and bedside lamps.

One bedroom is designated as a dressing room and furnished with a wardrobe, chest of drawers and an upright wooden chair with back and arms.

The other bedroom has a double bed with a metal frame and two upright wooden captain's chairs with backs and arms.

The duvet, pillows and mattress topper are all hypo-allergenic.

Shower Room/Toilet

The flooring is non-slip vinyl.

The shower cubicle has a raised step up and an adjustable height shower head.

Garden

The outside space is accessed via the door from the kitchen.

There is a step up, a raised threshold and then a step down onto a slightly sloping concrete path with a drainage channel.

The garden is reached by a flight of uneven and irregular stone steps with a metal handrail. The views are worth it.

There is a low wooden fence to protect from a steep drop. Please be aware of uneven grass or paths.

We pride ourselves on providing our guests as much information as they require whether that be at point of enquiry booking or visit in which ever format they require.
